

PRESIDENT TAFT'S OHIO CAMPAIGN

KEEPS UP HIS ASSAULT ON
COL. ROOSEVELT.

Taft Uses Plain Words In Scoring
the ex-President—Thinks It Dan-
gerous to Elect Main President
With Roosevelt's Views

Steuersville, Ohio, May 13.—President Taft's first day of his final campaign in Ohio through the town of Steuversville, which came to an end with a speech here tonight which was marked by the most pronounced verbal assaults upon Col. Roosevelt to which Mr. Taft so far has given public utterances.

In speeches that bubbled over with complimentary adjectives, Mr. Taft discharged his oratory at Col. Roosevelt.

He began his speech making at Marietta in a cold rain. Late today he spoke at Dennison, Uhrichsville, St. Clairsville, Belleaire and Bridgeport, the weather was fair and the crowds came out in summer attire.

Although in substance all of the dozen speeches the president made today were much like those he delivered in Massachusetts and Maryland, they differed widely at times in the words used to score Mr. Roosevelt. These were unusual and gave his hearers opportunity for applause and laughter, which seldom failed to come.

One of the attacks on Roosevelt which raised a laugh was delivered at Dennison late today like this:

"I think it would be dangerous to elect a man with Mr. Roosevelt's present constitutional views. With the intoxication he would necessarily feel by reason of getting something that all the great presidents have never gotten, it would not be safe to put him in the white house again."

"He says the reason the American people are going to elect him is because he is necessary for the job. That is the description he gives. Well, I hope the American people will not think that he is necessary for the job. I want to call your attention that the job which he proposes is the millennium. He is going to bring it about when he gets into office. All bosses are going to disappear; he is going to have a finger in every transaction and everything is going to heaven."

"That job is going to take longer than four years. I beg you to ask him when he comes here whether he would take a fourth term, ask him whether he is going to take a fifth term and why he should not continue in office during his life."

At Cambridge President Taft said: "Suppose Mr. Taft were to take to the skies in a chariot like the prophet of old. How do you suppose this country would get along anyhow?"

"My friends, this is a dangerous thing to put into the white house a man for a third term with his views of the constitution and with his views of himself. In every announcement he makes you would think he was the whole show and that there was no anybody else in the country. It's I, I, I, and therefore I say that if you feed that vanity and egotism by giving him something that Washington did not get and Jefferson did not get and Jackson did not get, and Grant could not get, you are going to put him in office with a sense of power and with a contempt for constitutional restriction—that will be dangerous to this country."

Mr. Taft compared Mr. Roosevelt and Lincoln with a smile.

"Mr. Roosevelt felt himself to be Abraham Lincoln more frequently and resembles him less than any man in the history of the country," he remarked during the day.

Mr. Taft called upon the Roosevelt backers to find one incident in which he had done wrong, and asked for more facts and less lung power and dubbed the campaign the former president is making against his "accusatory and belittling."

"Let Mr. Roosevelt point out what thing I have done or failed to do under the influence of anybody and then I will say that he has made a point, but while he continues merely in general denunciation to say that the bosses are all for me and all against him, I say he is conducting a campaign that is not worthy of a man who has in the past enjoyed the respect and the honor that once were given Col. Roosevelt by the American people."

"YOUNG MAN AS A BROTHER."
Rev. Walter E. Spoons of North-
minster church was greeted by a
large audience Sunday evening,
when he delivered his sermon "The
Young Man as a Brother," one of a
series he is preaching under the
auspices of the church brotherhood.
The revivify chorus and the regular
choir furnished excellent music.
Rev. Mr. Spoons used as texts "Am
I My Brother's Keeper" and "And
He Brought Him to Jesus," refer-
ring to the first two brothers in the
Old Testament and also in the New.
The sermon was replete with sound
and practical advice and was greatly
appreciated by the large audi-
ence.

REID HAS VERY POOR MEMORY

RAILROAD FINANCIER THROWS
LITTLE LIGHT ON TIN PLATE
AFFAIRS.

Governmentin Steel Investigation
Seeks to Show Tinplate Co. Was
in Restraint of Trade—Independent
Manufacturer the Second Wit-
ness of the Day.

New York, May 13.—Daniel G. Reid, the railroad financier and former "tinplate king," a director and member of the finance committee of the United States steel corporation, was called as a witness to day at the hearing of the government suit to dissolve the corporation, or to tell how the American Tinplate com-
pany was organized.

First of the many prominent de-
fendants in the suit to appear on the stand, Mr. Reid, proved a poor witness. His frequent answer was "I do not remember." Judge Jacob M. Dickinson, chief counsel for the government, remarked:

"You can bring a horse to water, but you can't make him remember."

The government contends that the American Tinplate company, which became a part of the United States Steel corporation, was in itself a combination in restraint of trade and that its stock was watered.

Mr. Reid told how in 1896, he and Judge William H. Moore had formed the company from about thirty-five tinplate concerns, represent-
ing at that time some 90 per cent of the industry, but upon the question as to what the properties were worth, Mr. Reid's memory was at fault.

Judge Dickinson pressed the witness with equal lack of success for information concerning alleged contracts by which the American Tinplate company is said to have prevented machinery for the manufac-
ture of tinplate from being used by competitors.

"My mind is a perfect blank on that subject," declared Mr. Reid.

"Prices of tinplate advanced after the organization of the company, but this was due, he said, to advance in prices of crude steel and pig tin."

Judge Dickinson brought out from the witness in this connection that the National Steel company, a manufacturer of bridge steel, was controlled by "practically the same interests" that controlled the tinplate company. This company, the American Sheet Steel company and the American Steel Hoop company were organized as customers of the National Steel company. Mr. Reid stated, and Judge Moore, chief counsel for the defense, admitted, that the sale to the United States Steel corporation through J. P. Morgan & Co.

Mr. Reid flatly declined to tell the amount of steel corporation stock he received for his holdings in the American Tinplate company. Jacob Meurer, an independent tinplate manufacturer who was the only other witness to day, told of his inability to buy black plate from constituent companies, or the American Tinplate company after it was organized. As a result he was obliged to import his black plate from abroad, he said, and the high tariff caused him serious losses.

His manager, Tom Jones, said the injury might make it necessary to call off Wolgast's St. Joseph bout May 17. Ritchie expects to leave for Chicago this week.

COMMITTEE VOTE TO REJECT REPORT

LAW RELATIVE TO AMUSE-
MENTS MAY STAND.

Famous Cause of Methodist Dis-
cipline Cause of Strenuous Debate
—Conference Not Ready to Con-
solidate Church Papers.

Minneapolis, Minn., May 13.—Un-
less the general conference of the Methodist Episcopal church over-
rules the action of its committee, that part of the famous paragraph 256, of the church discipline, which prohibits dancing, card playing and kindred amusements, will remain a law of the church.

The entire committee, late to day, voted 100 to 51, to reject the report of the majority of the sub-committee which favored leaving the amusement question to the "conscience" of the individual. Dr. James R. Day, chancellor of Syracuse university, Syracuse, N. Y., chairman of the sub-committee which favored striking out that section of the paragraph, served notice on the committee that a minority report would be made.

Debate on the question was strenuous. Pleas were made by delegates from foreign lands to retain the paragraph.

To night's session of the conference was given over to the report of the committee on book concerns of the church.

The report of the committee declares it was not ready at the present time to advocate a consolidation of the Western, Northwestern and Central Advocates, official organs of the church, but urges that a commission of five be appointed to study the situation and report next April to the committee.

**MINE WORKERS TO
BEGIN CONFERENCE**

Feeling Prevails That Tentative
Agreement in Anthracite Field
Will Be Ratified.

Wilkes Barre, Pa., May 13.—Dele-
gates who arrived to day for the tri-district convention of the United Mine Workers, which convenes to-
morrow to consider the tentative agreement entered into by the sub-committee of the miners and operators, are reticent regarding what the assembled mine workers prob-
ably will do. The agreement was voted down by the executive boards of the three Anthracite districts in New York, May 2, and this resulted in the tri-district convention being called.

The three executive boards were in session this afternoon and later it was given out that the tentative agreement would be submitted to the convention without recommendation.

President White arrived this afternoon, but had nothing to say on the situation, nor would he predict the outcome of the convention.

In the Anthracite region ratification of the agreement generally is expected.

The tentative agreement grants the men a ten per cent increase in wages, but abolishes the sliding scale.

The convention will meet at 10 o'clock tomorrow morning and will be presided over by National President White. It was said here to night that former President John Mitchell will be here later in the week.

DANGERS ABATING.
Flood Conditions in South Are More
Favorable.

New Orleans, May 13.—With the exception of Conrads Points, six miles below Baton Rouge, where there is a leakage on the levee, only encouraging reports were received at offices of the United States engineers of the Mississippi river flood situation. The western bureau reported the river at a standstill at Baton Rouge this morning, while other points from Cairo south reached falling stages. Fine weather prevailed all over Louisiana to day.

Reports from Baton Rouge said that the situation there had improved and the danger of a break in the levee in front of that city was passing rapidly across to the govern-
ment engineers.

RIVER BACK IN BANKS.
Cairo, Ill., May 13.—The river went back into its banks to night after being above the 45 foot danger mark for more than two weeks. Railroads are preparing to renew traffic to morrow. The Cotton Belt expects to get its trains into Cairo through Birds Point, Mo. The Iron Mountain expects to get trains through by the latter part of this week.

ARCHBALD'S DEFENSE

Trap Set to Catch Jurist Will Be
Used by Defenders in Scraming in
Favor of Accused Judge.

Washington, May 13.—Judge
Robert W. Archbald's defense in
him, now being aired before the
house judiciary committee, which
will decide if impeachment pro-
ceedings shall be brought, was in-
dicated at to day's hearing. What
appeared to have been a deliberate
trap set to catch the jurist in an
embarrassing transaction was re-
vealed by the testimony and the de-
fense indicated that it would make
the most of it. It was alleged that
W. P. Boland, of Scranton, Pa., who
had been one of the defeated par-
ties to a case before Judge Arch-
bald in the commerce court, pur-
posely had Edward J. Williams, the
principal witness against the judge,
solicit Judge Archbald to enter the
Katy did culm bank operation with
the Erie railroad, while the road's
lighterage cases were pending, led
to the filing of the charges against
the judge.

Boland is waiting to testify and
probably will be heard tomorrow.
W. A. May, manager of the Erie
railroad coal properties, who gave
the option on the culm bank to
Williams and Judge Archbald, and
G. F. Brownell, vice-president and
general counsel of the Erie prob-
ably will testify next. According to
Williams' testimony, Judge Arch-
bald personally sought Mr. Brown-
nell's influence to get the Katy did
option after May had refused it.
The committee will meet again
tomorrow.

AMATEUR AVIATOR KILLED

Ray Wheeler's Airship Collided
With Telegraph Pole—Died on
Way to Hospital.

St. Louis, May 13.—Ray Wheeler,
amateur aviator, who was killed
and whose companion, Peter Glas-
ser, was fatally injured as the re-
sult of a collision with a telegraph
pole at Kinloch park to night.

Wheeler and Glasser were thrown
thirty feet from the aeroplane. The
gasoline tank exploded by the force
of the collision and set fire to the
wreck.

Wheeler's skull was crushed, his
right leg was broken in three places
and his right arm was fractured. He
died on the way to a hospital.

SIXTY HOURS OF TEST.

Allienists Probe Mental Condition of
C. V. T. Richeson.

Boston, May 13.—The alienists
named by Governor Foss to examine
Clarence V. T. Richeson, the former
clergyman, condemned to dis-
sent-nutritator, condemned to dis-
sent next week for the murder of Miss
Avis Linnell, for five and one half
hours to day probed into the prison-
er's mental and physical condition.
The examination to day makes a
total of more than sixty full hours of
tests and questions to which the pris-
oner has been subjected by alienists
and the jail officials fear he will col-
lapse. The guard who sits inside
his cell through the night in changed
every forty minutes.

The reports of the three state
alienists, Drs. Steadman, Tuttle and
Frost, it is believed, will be made
by to morrow night or Wednesday.
The most that is expected is that the
alienists will find Richeson is not
right mentally at the present time,
nor's council may vote to grant a
stay of sentence until his recovers
his mental faculties.

and daughter, Miss Jessie, who for
the past year or more have been
living on a ranch in the Flathead
district of Montana, returned to the
city Sunday morning and are again

street. Mr. Glenn has a ranch near
Big Arm. His son, Dr. C. I.
Glenn of Franklin, who has been
with him in the west will remain
a while. He expects, however, to
return to Morgan county in a few
weeks.

four carloads of thin cattle known to
the trade as stockers, arrived in
Kansas City to day from Chicago.
They sold at \$6 to \$6.65, about 50
to 65 cents a hundred pounds more
than they cost in Chicago.

SAYS REVOLUTION HAS JUST BEGUN

GEN. OROZCO SURE OF MA-
JORITY'S OVERTHROW.

Great Loss Is Reported to the Rebel
Army in Mexican Fight—Enrile's
Murderous Assault Still Un-
known.

At General Orozco's Headquarters,
Jimenez, Mex., May 13.—Conceding
his defeat in the initial battle before
Concejo, General Pascual Orozco to-
night is by no means dispirited.
"The revolution has just begun,"
he said, "and we are confident that
we will ultimately overthrow Ma-
dero."

General Orozco would not say
how many men he lost, but admit-
ted that he had not heard from
General Campa and General Artiga-
medo, which he sent around to the
west of Concejo with 2,500 men to
flank the federals.

General Tellez of the federal
army is believed to have engaged
them and cut off their retreat.
Only skirmishing occurred to day.
The rebel chiefly occupied themselves
in recovering from yesterday's fight.
The rebel explanation of the mili-
tary situation is that the northward
movement of the federals was a
campaign to draw them out, thus
permitting a flanking movement.
The main body of the rebels is at
Aguilera, where Col. Canales and
General Campa are yet in their po-
sition along the west flank threaten-
ing the federal base. The federals
control the railroad as far north as
Concejo.

Enrile Remains Same.

Chihuahua, Mex., May 13.—The
condition of Gonzalo C. Enrile, fi-
nancial agent of Orozco, who was
murderously assaulted here early to
day, was to night unchanged. En-
rile's four wounds inflicted by knife
and pistol are not expected to be
fatal.

The identity of the assassins is
unknown. To Enrile, is attributed
the financing of the present revolu-
tion on behalf of Bernardo Reyes,
Limantour, former Governor Terra-
zas and others once identified with
the Diaz regime.

In the last two days it is report-
ed that serious friction existed be-
tween Orozco and Enrile.

FILED PLEA IN ABATEMENT.

Kirby, Wilson & Baldwin filed,
Tuesday, in the circuit court, a plea
in abatement in the cases of Jose-
ph L. Govens and Gideon Fernandes
against the Chicago Tribune. Such
action is taken on the ground that
the Morgan county court has no
jurisdiction in the matter, but that
the suit must be brought in Cook
county.

FLIGHT WITH AVIATOR FATAL.

London, May 13.—Victor Louis
Mason, an American mining man,
who at one time was private secre-
tary to the American secretary of
war, General R. A. Alger and to his
successor, Elihu Root, was killed to
day while making a flight at Brook-
lands with the English Aviator E.
V. Fisher. Fisher also was killed.

Fisher was about to give an ex-
hibition and picked Mr. Mason as a
passenger from among the specta-
tors. They circled the track once
when eye-witnesses say the ma-
chine, which was a monoplane,
an abrupt turn. It wavered a mo-
ment and then fell straight to
earth. The sudden stoppage in the
air threw Fisher headlong from his
seat. Mason was pinned beneath
the wreckage, which caught fire
and his body was badly burned.

Mason resided in Passaic, N. J.
He was born in Washington, D. C.,
in 1870. A widow and three children
survive him.

RATE WAR EXPECTED.

Woodmen to Fight For Rights at
Presentation of Donahue Bill in
State Senate.

Springfield, Ill., May 13.—Unless
efforts, which are making tonight to
reach a compromise are successful,
the Woodmen rate war will be resu-
mued in the Illinois legislature to-
morrow, when the senate committee
on insurance reports the Donahue bill
an unfavorable recommendation. It
is now proposed to attach a clause
to the bill which will permit a re-
ferendum vote among the Woodmen
to determine whether the rates shall
remain as they are now or be raised.

STREET NEWS STANDS REMOVED IN CHICAGO

Council Takes Action in Order to
Prevent Possible Disturbances.

Chicago, May 13.—The city coun-
cil to night passed a resolution au-
thorizing Mayor Harrison to instruct
Chief of Police McWeeny to remove
all news-stands from street corners
in Chicago. Since the newsboys
strike with the pressmen, about two
weeks ago the stands have been
conducted by non-employees under
police guard.

Alderman Ahern, who fathered
the resolution, pointed out that many
policemen had been taken from
beats in the outlying quarters to
guard the news-stands and he insist-
ed that this was unfair. He also
said the city might be liable for
damages in case rioting should
start at any of the police protected
stands.

Newsboys would not be prohibited
from selling papers in the streets
by the provisions of the resolution,
but would be compelled to keep
moving.

When the order was introduced
Joseph Kegan, a stereotyper, caused
a commotion by rising in the gallery
of the council chamber and shout-
ing:

"Beg pardon, Mr. Chairman, but
has a tax payer any rights here?"
Mayor Harrison rapped with his
gavel, and when Kegan insisted on
being heard he was ejected from the
city hall.

Little trouble resulted to day
from the strike. Harry Johnson, a
newsboy, was attacked while he was
selling papers. When police at-
tempted to arrest his assailant, sym-
patizers aided him. A call for ex-
tra policemen was sent to the near-
est station, but by the time they ar-
rived the crowd had fled.

PLAN CHURCH CHOIR

Messrs. Max and Donald Swarthout
Will Have Charge of Music at
Grace Church for Coming Year.

At a recent meeting of the official
board of Grace M. E. church, it was
voted to employ Messrs. Max and
Donald Swarthout for the coming
years. Prof. Donald Swarthout will
be organist and Prof. Max Swarthout,
choir director. For some time the
church has had under advisement the
formation of a chorus choir, the
pastor, Rev. J. W. Miller being much
in sympathy with the movement. The
Messrs. Swarthouts, who came to the
city last year to take charge of the
music department of the Woman's
college, have proved to be musicians
of considerable ability and the
church can look forward to great
things from them. As the choir
director it is expected that the regular
quarter work will be continued. The
change will take place at the opening
of the church year in September.

For seventeen years J. Philip
Read has been the efficient organist
of the church and his going will be
a cause of deep regret by the mem-
bers of the church. His long faith-
fulness to duty and ability as an
organist has ever been the subject of
special comment. He possesses un-
usual talent as a musical director in
discovering latent voices and many
have been the good singers brought
out as the result of his efforts.

**WANTS TO SOLVE
WATER PROBLEM.**

Down in Muskogee, Okla., is a man
who wants to undertake a big job.
One more correctly speaking he wants
a friend of his to undertake a big
task—no less a thing than solving
the water question for Jacksonville.
Yesterday Mayor Davis received a
letter from W. D. Ford, the writer
stating that he formerly lived here
and thus was interested in this city.
He went on to say that he believed
W. H. Rosecrans, an engineer of
wide renown, would be glad to come
here and figure out the best water
plan for Jacksonville and move over
that Mr. Rosecrans has plenty of fi-
nancial backing to carry out all of
his plans. He is said to be a gov-
ernment consulting engineer, con-
nected with the Denver Water sup-
ply project and with other big af-
fairs. Mayor Davis is inclined to
think that if Mr. Rosecrans is iden-
tified with a great many large projects
and has all the money he wants that
he would probably not be anxious to
come to Jacksonville.

THE PENSION BILL.

The Sherwood Pension bill which
was signed by President Taft Satur-
day night, provides that 66 year old
pensioners who have had two and a
half years' service shall receive \$18
per month; that three-year men of
this age shall receive \$19; that 70-
year-old pensioners for one and one-
half years' service shall receive
\$21.50; that two-year men shall re-
ceive \$23; that two and a half year
men shall receive \$24, and that three
year and a half over men shall re-
ceive \$25. For the 75-year-old
men a pension of \$27 for one and
one-half years' there is provided for
two years' service and over a pension
of a dollar a day.

home of her daughter, Mrs. J. C. Mc-
Ellen in Litterberry.

Mrs. William Hull of Litterberry,
who has been ill for some time, is
now much improved, which will be
gratifying news to her many friends.

Miss Nettie Williamson, who has
been a patient at Dr. Day's hospital,
has recovered sufficiently to be re-
moved to the home of her sister,
Mrs. H. P. Smith.

Mrs. Burnett of Franklin suffer-
ed a paralytic stroke Sunday and
is quite seriously ill.

ELECT SENATORS BY DIRECT VOTE

JOINT RESOLUTION ADOPTED
BY HOUSE.

Has Already Been Passed by Senate
and Now Goes to President for
Signature—Southern Members
Fought Measure—Fear Negro
Domination.

Washington, May 13.—The house
to day adopted 237 of 39 a joint
resolution providing for an amend-
ment to the constitution to permit
the election of United States sena-
tors by direct vote of the people. It
already had passed the senate and
now goes to the president.

All that remains to be done is
the formal signing of the instru-
ment and the issuance of a procla-
mation to the states to signify
their wishes on the proposed
change.

The vote was preceded by a bit-
ter fight, in which the Southern
members joined against the resolu-
tion. They based their opposition
almost entirely on the danger of
negro domination.

There was not a single Republican
vote cast against the resolution
which was adopted to the accompa-
niment of thunderous applause.

Direct election of senators was
first taken up by Congress in 1826.
From time to time recurring at-
tempts have been made to make the
senate a popular body and have its
members elected as are the mem-
bers of the house. If the house had
not receded from its opposition to
granting federal control of senatori-
al elections, the present bill might
have met the fate of the others.

ARGUED DWYER CASE

Judge Creighton Is Considering Authorities Cited in Bankruptcy Proceedings.

Before Judge Creighton in the circuit court of Scott county, Monday, argument was made in the Dwyer bankruptcy proceedings. The point in question is as to whether Mrs. Dwyer had a fee simple title or only a life interest in a farm of one hundred and sixty acres in Scott county, which she deeded some time since to her brother, Mrs. Knoepfel.

W. N. Hargrove appeared in behalf of E. B. Grayson, trustee, and F. E. Baldwin of Kirby, Wilson & Baldwin, for the Ayers National bank and Mrs. Dwyer was represented by J. A. Bellatti, Walter Bellatti and Judge Warren. It is the contention of Mrs. Dwyer's attorneys that she had but a fee simple title in the farm.

Evidence was presented and argument made before the court and authorities were quoted. Judge Creighton will look over the authorities cited and his decision is expected to day. The matter will go to the supreme court whatever the finding made in the circuit court.

COUNCIL HELD TWO SESSIONS

Commissioners Decide to Visit Picture Theaters Before Passing Ordinance—Improvement Measures Read—Buying Plan May Be Changed.

Two sessions of the city council were held Monday. In the morning most of the time was spent in discussing the moving picture theater ordinance. In the afternoon ordinances were read providing for a pavement on East Court street, and a sewer out South Main between Superior avenue and Michigan avenue. An ordinance was also introduced amending the ordinance which outlines the duties of the several commissioners. The purpose of the amendment is to so change the ordinance that purchases for each department shall be made by the head of that department, and not through the commissioner of accounts and finances. Another ordinance presented amends the city ordinance which provides that not more than \$3.50 per day shall be paid to a man and team. Now it is impossible to hire a man and team for grader work or other work of that class at less than \$4 to \$4.50 per day.

The regular Monday morning meeting of the city council was held with Mayor Davis, Commissioners Brown, Newman and Knollenberg and Clerk Pyatt present. Commissioner Engel was absent on account of attendance at a funeral. The minutes were read and approved. Then the following letter was read from Dr. Bartow of the Illinois Water Survey.

Urbana, Ill., May 6, 1912.

Mayor, Jacksonville, Ill.

Dear Sir: Mr. Paul Hensen, engineer of the state water survey, who spent most of last week at Jacksonville, has submitted a preliminary tentative report. We hope in the course of a few weeks to submit a report which will prove mutually satisfactory to all concerned.

I want to thank you and the members of the council for courtesies to Mr. Hensen during his recent visit, and we sincerely hope that some good results may be obtained in the future. Very truly yours,

Edward Bartow, Director.

A letter was read from the secretary of the Illinois Mayor's association and another from the mayor of Moline urging that the mayor of Jacksonville attend the meeting of the Illinois Mayor's association, soon to be held in Evanston. These communications were received and placed on file. Mr. Newman suggested that if Mayor Davis attended that he try to have the next annual meeting held here.

Mr. Newman moved for a special committee to cause of water collecting on Independence avenue west of Church street had been investigated. It was found that the condition resulted from a water course on private property having been filled in. The city clerk was directed to notify the property owners that the condition should be remedied.

Commissioner Brown reported that men had been busy for a number of days getting the Widenham & Daub wells into shape and that the pumps were now in working order. It was found necessary to pump from three of the wells for a day without running the water into the mains, as the creek had overflowed into these three wells.

The moving picture ordinance was then taken up for consideration and a number of sections were read, after which it was determined to postpone further consideration until next Monday. Meanwhile, on motion of Mr. Newman, the mayor and commissioners will visit the several picture theaters and examine the booths where the picture machines are housed. The matter of exits will also have consideration. By invitation managers of theaters were present, H. L. Hunt of the Grand; Thomas Scott, of Scott's; Green Luttrell of the Majestic; J. C. Mays, of the Gem; William Jacoby and B. R. Thompson of the Lyric. Lee Carroll of the Majestic was also present.

The discussion was of an informal character, but the feeling seemed to be that the ordinance is too long and possibly too strict. One of the theater managers suggested that if the theaters complied with all of the rules of the Underwriters' association, supplemented by the commissioners it should be satisfactory. Mayor Davis and Commissioner Brown said that under the present rules were not always satisfactory to the city; that the insurance men would sometime accept conditions which were dangerous and would protect themselves by simply raising the rates. What the city commission is interested in, is protecting lives, while the insurance companies are looking after property risks.

It was also suggested by the theater managers that the latest type of moving picture machines makes the burning of a film almost impossible and has reduced the fire danger a great deal. As stated above all the theaters will be visited and exact conditions will be learned. The commission then adjourned until 2 o'clock for the consideration of the ordinance covering the proposed paving of East Court street.

Afternoon Session.

Before the afternoon session was formally opened the ordinance for the pavement on East Court street was read. It provides for a pavement of brick on a gravel foundation with an asphalt filler. The South Main street sewer will extend from Superior avenue to a point 100 feet north of the north line of Michigan avenue. Practically all the residents adjoining are anxious for the improvement, as they expect it to remove their house cinders which are now flooded with water.

An ordinance was introduced amending the ordinance which fixes the wages which can be paid for men

Cedar Fence Posts

Spring work on the farm will no doubt include the building of some new fence, or the repairing of old fence. Cedar Posts will help make the work permanent. We have a big stock of these posts, as well as all other building lumber.

with teams employed upon the streets. The present ordinance stipulates \$3.50 as the maximum price and it is impossible to get teams at that rate now. For grader work the price now demanded is \$4.50 and not less than \$4.00 is the price for any ordinary work.

An amendment was presented by Commissioner Newman changing the duties of the commissioner of accounts and finances to the extent that he be no longer the purchasing agent for the city and that hereafter each commissioner do the purchasing for his own department. This was given a first reading along with other proposed measures.

RETIREES FROM CHOR.

Ill Health Causes Miss Rogerson to Give Up Position at Grace Church—Board Expresses Appreciation of Her Work.

The official board of Grace M. E. church has received with regret Miss Katherine Rogerson's resignation from the choir and on behalf of the board Judge M. T. Layman conveyed to Miss Rogerson the resolution which set forth the board's feeling. It is embodied in the following language:

"Whereas, Miss Katherine Rogerson has been a very useful and faithful member of the choir of Grace M. E. church for several years past and has recently resigned her position as a member of such choir on account of her ill health, therefore, Grace M. E. church, represented by her official board, hereby extends to Miss Rogerson her sincere thanks for her eminent and successful service as a member of such choir and the church also expresses her deep regret on account of the loss of such service."

"A. A. White, District Superintendent, Thomas V. Hopper, Secretary of official board."

Miss Rogerson has been in the Grace church choir for the past four years and her singing has added greatly to the interest and worth of the services. Her voice has depth and richness and a certain religious quality which especially fits her for church music. In addition Miss Rogerson's kindly spirit has made her a general favorite with the Grace church people and they are one in feeling regret that she has given up her position especially in view of the fact that ill health is the reason.

TALK OVER PLANS FOR CHAUTAUQUA

Soliciting Committee Reports That Thirty-four More Names Are Needed—High Class Program to Be Provided.

Another fine meeting was held last evening in the room of the Business Men's association in the interest of the coming chautauque and from all that transpired it is evident the city is to enjoy a rare treat and enterprise that will contain unusual privileges at a small cost. It will be for everybody, attractive, but at low cost, and should be well patronized. Frank Byrns reported for the soliciting committee that already some 34 names had been secured as contributors or subscribers for a share of stock and during the meeting soliciting committees were named who will go out to day and it is sincerely hoped that the list will be completed at once. It is desirable to have 120 shares sold and that means 34 more than have been secured and that should not be difficult to accomplish.

Mr. Byrns said that generally the soliciting committee was kindly received though occasionally the marble heart was bestowed on them, but not frequently. One thing was especially emphasized and impressed on the promoter and that was the fact that Jacksonville is a place which has in it unusual talent in many directions, music, literature, oratory and the like and if this talent is to succeed it will have to offer unusual attractions and failure is not in the vocabulary of Mr. Shaw who has carried to a successful issue so many enterprises of this kind. The program therefore will be varied so as to suit all tastes. There will be educational features, the literary, the musical and the popular. People who like a pleasing entertainment will find plenty of that kind. There will be jubilee singers, pictures and a variety that cannot fail to appeal to all classes.

Let it be understood that persons who desire may bring their tents with them or if not, there will be arrangements to rent tents on the ground, all tent room free. The following is a list of prices that will probably prevail for tents for the whole time: 10x12, \$3.00; 12x14, \$3.50; 14x16, \$4.50. Family tents with compartments, 12x16, \$5.00; 10x19, \$5.50; 12x19, \$6.00; 14x21, \$8.00; 14x24, \$8.50. Floors, cots, chairs and furnishings are extra, but reasonable. This will enable a man to bring his family and have a splendid outing at a small cost. Single admission will be only 25 cents so that the whole thing will be within the reach of all. The time will be Aug. 23 to Sept. 1. The next day will be Labor day and the management desire to co-operate with the labor unions in helping celebrate Labor day and as the tents will be on the ground and the large assembly tent in place it will be an opportunity to celebrate Labor day in a fine manner by continuing the chautauqua another day. Mr. Shaw lives in the city in which lives John Lennon, treasurer of the American Federation of Labor. Mr. Lennon is a fine speaker and could doubtless be secured as one of the attractions. In fine, there will be something the farmer, the mechanic, the laboring

man, the minister, the Sunday school man, the literary person, the musician, the artist and all classes may enjoy and at the same time it will be a fine thing for the city and the whole territory contiguous. Let us all take a hand in the grand enterprise and give it substantial aid. The following names have been added to the subscription list: Jacksonville Courier, Dr. Josephine Milligan, Dr. Grace Dewey, Dr. J. W. Hargrove, Charles Sheppard, R. W. Woitson, E. F. Johnston, Charles Franz of the Dunlap house, W. W. Gillman, Brook & Brecken.

SIGMA PI OPEN MEETING

Interesting Program Dealing With College Life Presented by Literary Society of Illinois College.

The annual open meeting of Sigma Pi society of Illinois college was held in their hall Monday evening, a large audience being present. The society departed somewhat from the usual opening meeting programs and dwelt especially on happenings of Illinois college and college life in general. It afforded the students an ample opportunity to dig up data on the college, that they did not know before, and those present were highly entertained and instructed by the young men's efforts.

Albert R. Swain, '12, gave the declaration of the evening entitled "Reunion Speech," written by Rev. T. M. Post, on the occasion of the 25th celebration of Illinois college. The speech was delivered in a very forceful manner.

In the College Rambler of 1898 there was a story, "Jack, a Romance." The author was not known but it revealed the character of the men who composed the student body at that time. Henry C. Stollar, '14, presented the reading in his usual clever manner.

"Early Days of Illinois College" was the essay read by Garm Norbury, who graduates this year. He told of many of the traditions of the college, of its first buildings and incidents connected therewith. He spoke of the Medical college, one affiliated with the school, and of the year 1863 when there were no graduates, on account of many students enlisting for the civil war.

A splendid oration was given by Thurman Wright, '14, on "Edward Allen Tanner, the student, professor and beloved president of Illinois college." He reviewed the life of President Tanner and showed the wonderful place he had filled in the life of the institution.

Forrest Siefkin, '12, was the extemporizer, who had for a topic, "The Advantage of a Small College" and he handled his subject in a most creditable manner.

Ebler, '13, as a responsible. The leader of the negative was John M. Widenham, '13, with Kelly Vaught, '12, as a responsible. The ability and merits of the question were awarded to the affirmative.

MAKE PLANS FOR CLOSING DAYS

High School Calendar Will be Crowded During Last Week—Athletic Association in Good Condition—Will Send Men to State Meet.

As the closing days of the high school draw near, the events are being adjusted so that there will be no conflicts. Next week will be given over to examinations, and the pupils are busy in anticipation of the tests. It has been found necessary to change the time of some of the events and the new calendar is arranged follows:

May 26 (Sunday)—Baccalaureate sermon by Rev. Clyde Darile at Central Christian church.

May 27 (Monday)—Field day. Athletic contest for banner of Illinois college track, followed by ball game and picnic luncheon.

May 28 (Tuesday)—Senior class day exercises. Alumni reunion.

May 29 (Wednesday)—Junior dinner to seniors at Colonial Inn.

May 30 (Thursday)—Commencement exercises at opera house.

May 31 (Friday)—Cantata "When Foemen Meet" at high school auditorium.

The musical program on Friday evening will begin at 8 o'clock and is free to the public. There are three hundred voices in the chorus and each one will be given a ticket so that will leave only 200 for friends as the auditorium will not contain a large number.

Finances Good. Proceeds from the high school play are most gratifying, being \$278. During the past year over \$2,500 has been spent for high school enterprises and there will be enough left in the treasury to begin the year in the fall with a goodly sum.

Supt. Montgomery to Speak. Supt. H. C. Montgomery will speak to the student next Monday morning at the usual chapel hour, 8:45.

Representatives to Champaign. J. H. S. will be represented in the state high school athletic meet to be held in Champaign next Saturday. Carson will enter the pole vault, 120 yard hurdles and 440 yard dash. Strawn will enter the 50, 100 and 220 yard dashes, while Carter will run the mile. Coach Buland will accompany the men.

Work on "Crimson J." The high school annual will be known as "Crimson J" and the students expect to have it completed by Monday, May 27.

The Brotherhood class of Brooklyn M. E. church met Monday evening at the home of John C. McBride on South East street. There was a large attendance and the meeting was one of the best held by the organization. A business session was first held, with William E. Thomson, the president, in charge. A report was given of the recent banquet, showing that it was a success in a financial as well as a social way, and plans for another were discussed. The class decided to make a donation of fruit to Passavant hospital. The members have organized a baseball team and several practices have already been held. A game with some outside team will be arranged for soon. The class also voted to write a combination letter to Curtis Schofield, who was one of the loyal members while in the city, but who is now in Los Angeles, Cal. Following the business session elegant refreshments were served by the Misses McBride and a half hour was spent in singing and in a social way generally.

The annual Y. W. C. A. breakfast of the Illinois Woman's College was held Monday morning on the college lawn and was largely attended by students and friends. Even The Doors Are Different On A New Method Gas Range

It is not enough that these Gas Ranges consume 25 per cent. less gas, bake more evenly and quicker than any other gas range, are more easily cleaned, and non-explosive, but even the doors show an improvement over the old style.

The Doors split in the center. Yes, actually split in the center. When the door is open the upper section moves up; preventing the heat from rushing up into your face, the lower half moves down—forming a strong ledge—yet not projecting out too far and being in the way.

Every woman who has experienced the rush of heat into her face as she opened up the old style door will appreciate this improvement.

These Split Oven Doors are so evenly balanced that they stay anywhere you place them. There are no catching devices, locks, springs, etc., to get out of order as in the ordinary style door.

But the split oven door is only one of the 18 different ways in which the New Method differs from all other Gas Ranges.

We couldn't begin to tell of all the special features of the New Method Ranges in one advertisement, we couldn't in a dozen.

Come in and let us personally show you these special features, let us demonstrate each one in detail, let us show you how this feature saves gas, how this one insures perfect baking, how this one prevents explosions, how this one adds to your convenience, etc.

Lasby, also of the Peoria lodge, Walter De Shara, Edward McAvitt, Michael McGinnis and Carl Reuter of the Jacksonville lodge. The services at the grave were in charge of H. E. Frye, acting as worthy president, and Robert Christison, chaplain.

Fulton. The funeral of Mrs. Ida C. Fulton, wife of the late Rev. J. M. C. Fulton, at one time rector of Trinity Episcopal church, was held at 2 o'clock Monday afternoon from Trinity

church, in the presence of many friends. The service was impressively conducted by Rev. H. B. Mitchell. There was a great profusion of beautiful flowers, which were cared for by Mrs. Harry Brooks, Mrs. J. A. Bellatti and Mrs. P. V. Coover. Interment was in Diamond Grove cemetery and the bearers were P. V. Coover, Henry Frisch, Dr. A. J. Gregory, C. C. Phelps, A. C. McLaughlin and A. Wehl, all of whom are members of the Masonic order of this city, acting at the request of the Masonic lodge of Rochester, N. Y.

Mrs. Fulton died Friday, being stricken with heart failure while on the street near her home in Rochester, N. Y., and at the time of her death was 60 years of age. Her maiden name was Ida C. Oaks and she was born in Nova Scotia, where she was married to Rev. J. M. C. Fulton. Later she and her husband came to the United States, where he served several pastorates. While a resident of Jacksonville and rector of Trinity church, Rev. Mr. Fulton died on May 10, 1895. After the death of her husband Mrs. Fulton continued to reside in Jacksonville for four years for the purpose of educating her only child, Rev. Edgar H. Fulton, who graduated from Illinois college. For several years she and her son have made their home together in Rochester, N. Y., where he is curate of the Church of Epiphany. The death of Mrs. Fulton comes as a severe shock to the son, who had learned to rely upon his mother in his work and to take her into his counsels. Mrs. Fulton was a woman of accomplishments and noble character.

The remains arrived in this city Sunday evening and were taken to the Reynolds undertaking parlors. At 9 o'clock Monday morning they were removed to the chapel of Trinity church, where they were viewed by friends and at 10 o'clock requiem service was held. The son, Rev. Edgar H. Fulton, and Mr. Hills, choir leader of his church, accompanied the remains to this city, Mr. Hills

coming at the request of the vestry of the Church of the Epiphany.

Becraft. The funeral of Elisha H. Becraft, notice of whose death was given in the Journal of Sunday, will be held at 1 o'clock this afternoon from the home, 310 East Court street, in charge of Rev. Clyde Barsie, pastor of the Christian church. The interment will be in Diamond Grove cemetery. Mr. Becraft was a member of the Brotherhood of Locomotive Engineers, and they will attend the funeral.

Deceased was born near Waverly, in this county, March 10, 1854, and was a son of Mr. and Mrs. John Becraft, who were among the early settlers of the county. Since 1875 he has been a railroad engineer and was one of the oldest on the Chicago & Alton. For years he has had the run from this city to St. Louis. Mr. Becraft was twice married and was the father of five children by his first wife, Mrs. Bertha Short, Clarence and Ward Becraft of Kansas City, Mrs. Jessie Wilcox of White Hall and Thomas Becraft of Denver, Colo. These with his last wife and six grand children survive.

Gonsalves. Impressive funeral services for Mrs. Manuel Gonsalves were held Sunday afternoon from Northminster Presbyterian church, in charge of Rev. Walter E. Spoonst, the pastor, and were attended by a large concourse of relatives and friends. The singing was by a quartet composed of Miss Caroline Day, Miss Esther Spoonst, Edward Marks and Walter Vieira. "Face to Face" was sung with fine effect as a solo by Mr. Vieira. The flowers were many and beautiful and were cared for by the following grand daughters of the deceased: Misses Virginia Vincent, Marie and Josephine Mehn of Springfield and Miss Gertrude Wann of Evansville, Ind.

Rev. Mr. Spoonst based his sermon on the text 1 Cor. 15:6, and spoke of the long and useful life of Mrs. Gonsalves, who had always shown an interest in her church and was ever active in the work of the Master. Mr. Spoonst referred also to the fact that Mrs. Gonsalves was born in the island of Madeira and that those who sought refuge in this country at the time of the oppressions on the island are becoming very few. He spoke of death to a Christian as a sleeping and an awakening in a brighter land.

Interment was in Jacksonville cemetery and the bearers were J. P. Correa, Joseph De Silva, A. P. Vasconcelos, James Smith, John Pank and William Nunes.

RESIDENT OF SCOTT COUNTY DEAD

William Richardson Passes Away at His Home Near Riggs Station After Brief Illness—Funeral Services Wednesday.

William Richardson, one of the oldest residents of Scott county, died Monday afternoon at 2:30 o'clock at the family residence, three-quarters of a mile east of Riggs station, at the age of 84 years. While advanced in years, he had enjoyed good health and his recent illness was only of a week's duration. His physician had called to see him Monday morning and did not report any alarming symptoms, so that his death comes as a great shock to his family and neighbors.

The passing away of "Uncle Billy" Richardson removes one of the best known citizens of that community. He was born in Scarborough, Yorkshire, England, Jan. 25, 1828, and came to America, with his parents, Mr. and Mrs. Johnathan Richardson, in 1851, the family settling at Lynnvill. Here he conducted a blacksmith shop until 1878 when he moved to a farm east of Riggs station, where he has since resided. He was a successful business man and when he turned his attention to farming found ample opportunities to show his thrift and energy. He was a man of retiring disposition, yet had the happy faculty of winning friends and holding them. It could truly be said of him "that his word was as good as his bond" and his honesty and kindness were exhibited in a great many ways during his long life. It had only been a comparative few years since Mr. Richardson affiliated himself with the Riggs station M. E. church and in the services he found great delight and when his health permitted he was always present and interested in every department of church work. He was also a member of the Masonic lodge of Lynnvill. For some time Mr. Richardson has been living a retired life, giving the affairs of his farm over to his son. A good man, a worthy citizen and an affectionate father has gone, but his memory will ever be cherished and revered.

Mr. Richardson was married in 1855 to Miss Elizabeth Dean, who passed away Feb. 22, 1886. He leaves the following children: Arthur, William, Jessie and Mrs. A. M. Coulter of the Riggs station neighborhood and Mrs. Ida Kinard of Winchester. One son, Frank, met with an accident in the Riggs station elevator about six years ago which cost him his life. He also leaves one brother, Christopher Richardson of Orleans, Ill.

Funeral services will be conducted Wednesday morning at 11 o'clock from the M. E. church in Lynnvill and interment will be in the Lynnvill cemetery.

THE PLAY GROUND

FINE PROGRESS BEING MADE
IN THE EQUIPMENT.Mr. Henry A. Huyter, an Experienced
Director, Employed for the Sum-
mer Months.

The new playground in the first ward is now assuming a more finished appearance and while the various articles of equipment are not all ready for use they are being gotten ready as rapidly as possible and will soon be in fine shape.

The equipment is quite ample and of the best and most substantial kind. There will be several swings for large and small, an athletic slide or "shoot the chutes," several ladders for hand walking, swinging and the like, three giant strides, two ample sand boxes, basket ball court, several athletic affairs such as traps, and others and various appliances which will amply equip the ground. They are all well made and will stand the strain put upon them.

There will be room for race tracks, volley ball, playground ball and various other games, all of which will make the place as attractive as possible. There is some shade and this will be utilized with seats for the mothers or adult friends of the little folks.

Another piece of great good fortune has come to the enterprise. The question of a suitable director has been a burning one for some time and has caused much anxiety. All authorities are emphatic on the imperative necessity of having a suitable director of a playground to supervise and direct the games of a thousand and one things in this day and age.

Mrs. Cole, wife of Dr. Cole, and herself a kindergarten teacher, heard of a gentleman who seemed to be the right one. He was Mr. Henry A. Huyter of Chicago and as Dr. and Mrs. A. L. Adams were going to the city they were requested to look up the gentleman and inquire into his fitness more fully. They had quite a time in getting an interview as he was busy with his work and hard to find, but it was accomplished and the result was eminently satisfactory and he was at once employed. This is one of the most fortunate features of this enterprise to date. This gentleman will be thoroughly competent to teach athletics, all kind of playground games, folk dancing, marching, gymnastics, basketball, and in fact everything to make the affair just what it should be and will begin June 1st.

Then in addition to this, he is to teach and instruct several persons here who will be fully competent to take his place. The number of these will necessarily be limited, but it will be a fine opportunity for enterprising young people who wish to fit themselves for a good calling or add to their stock of valuable acquisitions.

All who have an idea of receiving this kind of instruction should at once confer with Mrs. Cole.

The work on the equipment is rapidly proceeding and the management will also plant trees and shrubbery as far as is best for the place. The hearty cooperation of the city and all especially in the vicinity is earnestly desired. It is the property of the people and they are to enjoy its advantages without cost and while it is located in the first ward the children from all the wards will be welcome there. From present appearances the whole ground and all will be ready as soon as school is out and meanwhile all things that are available may be used.

Mr. and Mrs. Lee Morrison of Bluffs were among the visitors in the city yesterday.

MRS. SCOTT'S
SUFFERING OVER

Doctors Advised An Operation.
How She Escaped
Told By Herself.

Buckner, Mo. — "For more than a year I suffered agonies from female troubles and the doctors at last decided there was no help for me unless I went to the hospital for an operation. I was awfully against that operation, and as a last resort wrote to you for special advice and I told you just what I suffered with bearing down pains, backache, shooting pains in my left side, and at times I could not touch my foot to the floor without screaming. I was short of breath, had smothered spells, felt dull and draggy all the time. I could not do any work, and oh how I dreaded to have an operation."

"I received a letter full of kind advice, which I followed, and if I had only written her a year ago I would have been saved so much suffering, for today I am a well woman. I am now keeping house again and do every bit of my own work. Every one in this part of the country knows it was Lydia E. Pinkham's Vegetable Compound that has restored me to health, and everywhere I go I recommend it to suffering women." — Mrs. Lizzie Scott, Buckner, Mo.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

GOOD PROGRESS MADE
AT M. E. CONFERENCE.

(By Rev. J. W. Miller.)

Bishop Wilson was in the chair during the Friday morning session. He is almost a model presiding officer. He has the rules of the conference well in mind and is able to render his decisions promptly.

Conference Will Not Be Smaller.
A special commission reported at Friday morning's session for restricting the size of the conference to 700 delegates. After considerable debate the report was voted down. This means that the next general conference will not be smaller than this, but will probably be some larger.

Ex-Vice President Fairbanks was introduced to the conference at the Friday session. He was well received. Bishop Wilson in introducing him spoke of his eminent service to the nation and remarked that in his capacity as official or citizen "He is always a Methodist."

Episcopal Residence at Minneapolis.
Though the report of the committee has not been presented to the conference, it is rumored that the episcopal committee will report in favor of Minneapolis for an episcopal residence. This would be a compliment to the city that is taking such good care of the conference and visitors.

The church may again use the time honored term "presiding elder." The committee to which these memorials were referred will report in favor of going back to the old term for which "district superintendent" was substituted. What the conference will do remains to be seen.

At the morning devotions four turbaned Hindus sang in the Hindustani language a favorite revival hymn. Bishop Hughes addressed the conference at the devotional hour.

Golden Jubilee of Freedmen.
The general conference voted to observe 1913 as the semi-centennial anniversary of the breaking of the chains of the colored race in the United States. There were several speeches made that aroused considerable enthusiasm. It is proposed that on that golden jubilee the interests of the work of schools among the colored race will be presented strongly before the whole

church.

A Serious Question.

One of the most perplexing questions before the conference is how to give more effective episcopal supervision to the colored conference of the church. There are twenty colored conferences and 350,000 members, one out of every ten members of the Methodist Episcopal church is colored and just how their needs shall have the best possible supervision is a difficult question. They want a negro bishop elected. There is opposition to this. Another plan is to change the constitution of the church so that provision shall be made for the election of a bishop of the African race whose jurisdiction shall be limited to that race.

There is objection to this as writing caste into the constitution. The solution of the problem doth not yet appear.

Candidates for the Episcopacy.
They are almost too numerous to mention. It is estimated that there are more than twenty-five avowed candidates for that high office. The number needed will likely be reported to the conference on Saturday morning. Balloting for bishop should begin early next week. When it is known how many are to be elected the lines will begin to be drawn more definitely and the candidates sifted.

The end of the second week at the general conference will bring the work of the general conference right up to the elections. While the reports of the standing committees are not all in most of the committees have had some of their reports adopted and other reports ready. But for the elections the conference could finish its work in another week.

Evangelism Report.

A very comprehensive and emphatic report from the committee on evangelism was adopted on Saturday. There is no doubt but that there is a very strong emphasis being laid on the great work of the church as a soul saving organization by this general conference. The bishops were urged to lead the churches in this great work. It will be necessary to elect bishops who can be leaders in evangelism if the spirit of this report is to be carried out. In the speeches on the adoption of this report there were strong appeals for the return of the old time evangelistic methods and power. Some of

the leading men of the conference spoke.

Fine Temperance Report.

Ex-Governor J. Frank Hanley presented the report of the temperance committee on the measure now before the congress with reference to a federal law concerning the shipment of liquor into prohibition territory. It was brought out in the report that 46,000,000 people are living in states that prohibit the open saloon. For seventeen years the Christian Temperance people have been trying to get some protection on this point, but have run up against the interstate commerce law. Now all temperance forces are behind the Kenyon bill before the congress. The report was adopted by rising vote.

Mrs. Bliss of the Detroit conference spoke most effectively for the place of woman in the vital work of the church. She strongly emphasized the duty of women in personal evangelism. She referred to woman as the great latent power of the church along evangelistic lines.

Billy Sunday.

Bishop Berry telegraphed Billy Sunday and secured his consent to come to Minneapolis and address the general conference and visitors on Monday afternoon. The address was announced for 2 p. m. Some suggested that he be given ten minutes during the session Monday morning, but this was not thought worth while as he could do but little more than greet the conference and all preferred that he be heard at length in the afternoon meeting. A great service is expected. Billy Sunday is most favorably regarded by the delegates of the general conference. He has added thousands of members to the Methodist fold. He has had the support of hundreds of Methodist churches in his campaigns. He is followed daily by thousands of Methodist prayers.

Prayer and Fast Day.

By action of the conference the bishops were requested to lead the way for special prayer and fasting on Sunday, May 12. The day began with an hour of prayer and song in the auditorium from 7 to 8 a. m. In the sermons of the day there is a special reference to this spirit of devotion. It is hoped that the general effect upon the conference and the community may be a spiritual uplift.

Great Sunday School Meeting.
On Sunday afternoon the anniversary of the Methodist Sunday

school work is to be held in the Auditorium. A fine program has been prepared. Among the speakers are Bishop McDowell, Dr. David G. Downey and Dr. Edgar Blake. The University Glee club will sing. Beginning with Monday night a week of public services with the best talent will be given at one of the local Methodist churches on various phases of Sunday school work. This will be of great value and will be attended by hundreds.

WILL MEET TODAY.

The Ladies' Missionary society of State Street church will meet in the church parlors today at 3 o'clock. A full attendance is desired.

THE WEATHER.

The temperature for Monday, according to G. H. Hall of Alexander, was: Maximum 67 and minimum 39.

HELD SUCCESSFUL SUPPER.

In spite of the bad weather Saturday night the ladies of the Methodist church of Alexander realized \$40 from the supper which they held in the Charles M. Strawn building.

Each age of our lives has its joys. Old people should be happy and they will be if Chamberlain's Tablets are taken to strengthen the digestion and keep the bowels regular. Grain Letter.

Chicago, May 13.—Wheat—News mostly bearish. Good rains have probably proven satisfactory in results and many reports of improvement are coming in. This, of course, applies to wheat left standing. The average loss is irreparable. The big cash sales last week have apparently satisfied the demand temporarily. Further sales of soft winter wheat were made, but were not large enough to attract attention. Estimated arrivals for tomorrow's inspection, 115 cars. Railroads connecting with Omaha brought the wheat, which is presumable to be hard wheat for May delivery. Probably more of this wheat is running and its arrival may further depress price. A sentimentally bearish factor was an offer of new wheat from Texas for June shipment to St. Louis at \$1.15 for No. 2 red. This is not important, however, as Texas is not a big wheat raising state. The enormous decrease in the visible is a warning sign to the short seller.

With regard to the soft winter wheat section, the short crop prospect is fully confirmed. Not much news was received in regard to spring wheat seedling, but further rains in the northwest indicate a short spring wheat area. While the period of spring seeding is on sharp advances seems to be liable and conditions fully justify investment in July wheat of every recession with every likelihood of profits.

Corn—Wet weather gave us a firm opening, but offerings were plentiful, realizing by scattered sales of receiving houses, particularly of July, soon broke the market. Estimated receipts, 386 cars show a marked increase in movement. Sales to arrive have recently been heavy. Large receipts during the next thirty or forty days will be against any important bull movement without new developments. Wet weather may delay planting to some extent, but oats and wheat area which will now be planted to corn will bring average well above normal and give us hopes of a record breaking crop. Pit conditions in connection with May might cause a sharp rally. The situation, however, seems to justify sales of July at present price and on any bulge.

Oats—In general way the cool, wet weather has given help to crop. The local traders, influenced by action of wheat and corn, were aggressive sellers. Much was said of new oats being offered for early shipment from Texas. As a feature this is exaggerated. The Chicago market draws no oats from Texas. A very important feature of news was the many reports of flooded fields and further delay in the progress of crop. The area is already short. The season is now late. Maturing period will come in unseasonable weather. New oats in quantity for July delivery are out of question. Spot oats will probably command a high price until new oats are available. July must come up to cash. September will respond to any bullish news from setbacks now. Bulls have been scalping the market successfully for some time on success of very successful trader says buy September oats on this break and on any further decline for satisfactory results. We coincide with this advice.

MAY DAY PROGRAM AT WOMAN'S COLLEGE

Annual Festival Will Take Place To-
day—Exercises Will Begin at 6:30
O'Clock.

The annual May Day festival at the Woman's college will take place at 6 o'clock this evening on the college campus. The exercises will begin promptly at 6 o'clock and will last about one hour and fifteen minutes. It is thought that the hour for beginning the exercises will mean more of comfort for both the students and the audience.

The program will be as follows:
Grand march.
Crowning of the May Queen.
The Dance of the Sylphs.
Swedish Festival music.
The Carnival of the Daisies.
The Awakening of the Poppies.
May Pole dance.
Japanese lantern drill.
March.

All of the drills and marches, whether by the student body as a whole or in small groups, result from the work done under the direction of the physical director and in the gymnasium through the school year and the system is taught by an assistant in the department of expression. The queen's party will appear in the following order:

Queen's Party.
Trumpeter—Mildred Weaver.
Pages—Ruth Alexander, Ruth Hackett.
Flower girls—Eleanor Andre, Marjorie Bradley, Caroline Doane, Lois Harney, Frances Masters, Mary Edith Baumgartner.

Aid of honor—Helen Moore.
Canopy bearers—Mary Lawson, Edith Heit, Freda Siddell, Ima Berryman.

Streamers ledgers from canopy—Josephine Miller, Eleanor Masters, Helen Walton, Ella Eugenia Woodman.

Queen—Jess Campbell.
Maid of honor—Ella Richter, Celia Catharine, Marjorie Foote, Blanche Kistner, Anna Eaten.

May day at the college has come to be an event of such interest that it is looked forward to by hundreds, one might truthfully say thousands of people. May day preparations begin very early in the spring and a friendly rivalry exists for place in the exercises. However, all enter fully into the spirit of the day and no bitterness is engendered. A committee composed of the residents of the several classes nominates for May Queen and then the entire student body votes. This year the honor of being queen has fallen to Miss Jess Campbell of Yorktown, Ind., and the maid of honor is Miss Helen Moore, who received the second highest vote. The other candidates are also included in the queen's party as attendants and the other girls having part are chosen by the queen. This evening a great throng will no doubt witness the exercises. There will be a few reserved seats for which a charge of ten cents will be made.

Cafe Batz and Annex, 221 and 223 East State street, grow each day in popularity. The service at Batz has always been exceptional but now with increasing patronage the service is even better and the cuisine enlarged. Quality characterizes everything to eat and drink at this cafe and one thing worth remembering is that the bill of fare is always ready. From 5 a. m. until after midnight you can get a good meal at Batz. The Annex, with its tasty surroundings and handsome furniture, makes a very attractive place for "after motor" parties or other gatherings, where appetites make demands.

SUNDAY SCHOOL CONTEST.

A. C. Berry of the house of F. J. Waddell & Co., went down to Roodhouse Sunday to join his family who have been visiting his brother, who resides in that city and returned with them. While in Roodhouse he went with his nephew to the Sunday school and joined the class of Mrs. Thomas who has 470 men under her charge. The contest is merrily going on between Roodhouse and Whitehall with the former Sunday School somewhat ahead.

At Westminster church Tuesday evening, May 14, concert by the Illinois college chorus and the Conservatory orchestra. Olaf Trygvasson, a cantata by Greig, and Schubert's unfinished Symphony will be given.

STATE NEWS.

The musical festival and convention of the Illinois Music Teachers' association closed at Streator with a concert by the Minneapolis Symphony orchestra of sixty pieces. Officers were elected as follows: President, Adolph Weidig, Chicago; vice-president, E. R. Lederman, Chicago; secretary-treasurer, Herbert O. Meritt, Lincoln; chairman program committee, Charles Sindlinger, Chicago.

John Peterson of Plainfield was driving his auto in Joliet when it became unmanageable and crashed into a horse, killing the animal.

A monument is proposed at Charleston to the memory of Col. John Cofer, who first introduced the cultivation of broom corn in that locality.

C. E. Burnett, a traveling salesman for the Gerlach-Harklow Co. of Joliet, became demented at Redfield, S. D., and had to be taken in charge by the authorities.

Burglars stole a large quantity of valuable silks from a big dry goods house in Quincy Saturday night. Attorney E. S. McDonald of Decatur tells an interesting story of seeing the first railroad train that ever entered Decatur. It was in 1854 and attracted people from many miles around though it was only a construction affair drawn by a dinky little wood burning engine.

Mrs. Lucille Herman, wife of William Herman, a drug clerk of Peoria, committed suicide by turning on the gas. No cause for the rash deed can be assigned as her domestic relations seemed happy.

A runaway horse chased a Joliet automobile party in Joliet and came near injuring two ladies in the rear seat by biting at them viciously. The chauffeur escaped by running down a railroad track.

When Well Known Jacksonville People Tell It So Plainly.

When public endorsement is made by a representative citizen of Jacksonville the proof is positive. You must believe it. Read this testimony. Every sufferer of kidney backache, every man, woman or child with kidney trouble will do well to read the following:

Mrs. Thomas Davis, 830 Beasley avenue, Jacksonville, Ill., says: "I was a sufferer from kidney complaint for many years and my entire system was affected. I had acute pains in my back, felt weak and languid and had but little energy. As I had often heard of Doan's Kidney Pills, I decided to try them and a short time ago I procured a box at Armstrong's drug store. S.S.S. CURES BLOOD POISON

When the blood becomes infected with the virus of Contagious Blood Poison, the symptoms are soon manifested. The mouth and throat ulcerate, copper-colored spots appear, a red rash breaks out, the hair begins to come out, and usually sores and ulcers show themselves on different parts of the body. At the first sign of the disease S.S.S. should be taken, for the trouble is too powerful and dangerous to trifle with. If allowed to run on the tendency is to work down and attack the bones and nerves, and sometimes it makes a complete physical wreck of the sufferer. The disease can make no such headway if S.S.S. is commenced and used according to directions; its progress can be stopped, the poison removed, and health preserved. S.S.S. goes into the blood and removes the insidious virus, cleanses the circulation and makes a complete and permanent cure by driving out the cause. S.S.S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin cleared of all spots, sores and blemishes, and when S.S.S. has thoroughly purified the circulation no trace of the disease is left. S.S.S. is a purely vegetable remedy, cures Contagious Blood Poison because it is the greatest of all blood purifiers, tested and proven for more than forty years. Home treatment book and any medical advice free to all who write.
